Dan,

Can you give me Hoai Tran's contact info? I would like to follow up with him regarding possibility of waste from Weldon Spring taken to West Lake Landfill. This was a question posed to us by Harvey Ferdman. Do you know if EPA is responding to him on this issue?

Thanks,

Hoai Tran (EPA's Weldon Spring PM) is handling this question. Can you check with him and see what you can find out? Thanks, Branden

Shawn, I have not heard of this inquiry and have no information on it. I'm copying Debbie Kring of our OPA in case the inquiry came to her.

Dan,

I have a follow up item from Branden that was discussed during the weekly call on Monday. Apparently EPA has been asked about the possibility of waste having been transported from

Weldon Spring to neighboring landfills such as West Lake. Can you fill me in on the specifics of this inquiry and any response from EPA?

Thanks,
